

You are not alone

Northwestern Mutual is committed to accelerating the search for better treatments and cures for childhood cancer while supporting families going through treatment and survivors living with life-long effects of treatment. We do this through partnerships with childhood cancer nonprofit organizations across the country. These organizations are ready to assist your family whenever you need them. You are not alone.

	<p>Alex's Lemonade Stand Foundation (ALSF) emerged from the front yard lemonade stand of 4-year-old Alexandra "Alex" Scott, who was fighting cancer and wanted to raise money to find cures for all children with cancer. Her spirit and determination inspired others to support her cause, and when she passed away at the age of 8, she had raised \$1 million. Since then, the Foundation bearing her name has evolved into a national fundraising movement and is one of the leading funders of pediatric cancer research in the U.S. and Canada.
